

**Smokey Bear,
Because Of You**

1979, TV, eng

Choir: Because of you.

Male Speaker: Last year there were 90,000 carelessly caused forest fires in this country. It wasn't because birds threw burning cigarettes out of car windows. It wasn't because deer forgot to put out their campfires. It wasn't because chipmunks played with matches. It was because somebody else did.

Choir: Because of you.
